SIR,

Subject:- Sanction of the appointment of two additional teachers in the Municipal High School, Malavalli from 1st July 1943

I have the honour to state that owing to increase in the strength of the school, the management of the Municipal High School, Malavalli, resolved to open an additional section of the II Year class during the academical year 1943-44 and the local Municipal Council agreed to meet from their funds the extra cost involved in that connection Copies of the resolutions of both the bodies in the matter are submitted herewith On receipt of a recommendation in the matter from the Deputy Director, Mysore, in the month of November 1943, approval was accorded to the additional section opened The Deputy Director was requested to examine further whether there was need for the appointment of two additional teachers in the school, before a recommendation could be made to Government for the sanction of the two additional posts of teachers as proposed by the management From the report now submitted by the Deputy Director, it is seen that there was need for the two additional posts, as all the teachers of the school, including the additional teachers in question, were having about 21 periods of work each as

against the minimum of 22 periods fixed for a teacher and that the school could not work satisfactorily without the two additional hands

I recommend, therefore, that sanction may be kindly accorded to the creation of the two additional posts of teachers in grade Rs 40-4-60, each in the Municipal High School, Malavalli, with effect from 1st July 1943, the extra cost involved being met entirely from the funds of the local Municipality, as agreed to by x them
